

Foundation for a Faithful Fearless Financial Future

#8 8/02/09

PLANNING

In this series we will be looking at ten “foundation stones” that need to be in place in our lives if we are to manage our finances in a way that honors God, brings us joy and not grief, and blesses the world that God desires to bless through us. Each week we will be looking at another of these foundation stones or core principles of Biblical stewardship. The first five have to do with our minds and hearts, the second five with our hands.
